## Cedar Fair Canada's Wonderland (2021 - 2024)

Sign Shop Technician - Worked with a team that produced signage for the park which involved communicating with leads of other departments, creating the designs to print or craft in house, aid in the construction from posters, menus, promotional advertisement, safety signage and attraction signage. Maintained and repaired products when needed.

## Cracked Sight Illustrations (2018 - present)

Freelance Graphic Designer and Illustrator - From a home office equipped with a Cintiq Pro 24 and Adobe suite, created a personal brand that reflected style and skill, contracted work with individuals who required designs and art work ranging from logo designing, promotional event material, game assets and illustrations, character design, art pieces, and overlay assets for streaming

## Misfit Children Games (2016)

Intern Concept Artist - Worked with a small team of game developers to create visual ideas and concepts for potential game projects. Used traditional and digital methods during the process.

## Other Projects

Thesis: Burger King Advertisement Campaign - Developed a mock advertisement campaign that involved an illustrated story board trailer with voice work

Grand Canadian Steampunk Expo - Designed a series of mock event promotional material for an organized convention that followed its spirit and theme
